

7 THINGS TO KNOW ABOUT AMPHI SCHOOLS

1 WE HAVE:

- 12,000 students.
- More than 600 teachers.
- More than 1,000 graduates every year.
- Preschools at every elementary school and our three high schools (that support our Early Childhood Education program).

2 ACHIEVEMENT

Amphitheater School District students consistently outperform state averages in reading and math.

3 PERSONAL APPROACH

The District provides educational experiences tailored to meet children's needs. This includes preschool, gifted instruction at all grade levels, resources for extra help and special education.

4 STUDENTS ARE FUTURE READY

The District worked with hundreds of staff and community members to develop the Portrait of a Graduate. This framework identifies eight key qualities for a successful future: Scholarship, Communication, Creative Thinking, Problem Solving, Critical Thinking, Collaboration, Caring and Citizenship. Each of the District's schools helps students from preschool to high school develop skills in the essential areas to give them an opportunity to be ready for the future.

5 FINANCE

The District reports the spending of every dollar in accordance with state law. The state audits the District several times a year, and Amphi has a long history of excellence in financial practices.

6 TRADITION, COMMITMENT

The Amphitheater District is a cornerstone of the community, proudly educating children for more than 130 years,

7 PROVEN CURRICULUM

The Amphitheater District uses research-based curriculum across all subject areas, including reading, writing, math, social studies and science that meets standards set by the State of Arizona and provides opportunities for all students to grow academically and to prepare for college and career.
