

**October 14, Grades 6-8**  
**\$75 per participant**  
**Tucson Public Safety Academy**

Nationwide, just 30% of EMTs, 13% of law enforcement, and only 3.5% of fire professionals are women. Girls need to know that they are smart enough, strong enough, and brave enough to pursue a career in public safety—and the first step is Catching Fury!

Gear up for our one-day immersion camp into these exciting and important careers where you'll learn how to put out a fire, perform search-and-rescue, rappel down a building, handcuff a suspect, and more. Gain leadership skills, team-building skills, and make new friends! Registration closes September 30th.

**Leadership. Teamwork. Respect. Self-confidence.**  
**Join us in shattering stereotypes!**
