

Annual Report on District Programs Financed through Budget Overrides

General Information about a Budget Override

- Arizona law permits school districts to obtain local voter approval to *override* the state budget formulas for a school district's capital and/or maintenance and operations (M&O) budgets.
- Voters may also authorize a special programs override to exceed the budget for a specific program.
- Funds received through the override are used for the specific purposes approved by the voters.
- The amount of the budget increase is limited to the percentage amount approved by the voters and for the length of time authorized by the voters.

State Limitations on School District Spending

- Regardless of a school district's tax base or its level of need, each school district is limited by state formulas to the amount it can spend as M&O and Capital funds.
- Except for bonds, state formulas generally tie spending to the number of enrolled students.
- Arizona school districts do not have authority to increase their budget without voter-approval to *override* the budget set through state formula.
- The additional funding provided through a budget override annually depends on the M&O budget. Annual amounts provided by a budget override are a percentage of the M&O budget.

Amphitheater Public Schools Overrides

Currently, due to the support of our voters, we have two overrides that support programs that benefit our students.

1. 10% general M&O budget override
2. 3.5% K-3 special programs budget override

Important Facts about Both Overrides

- Approved by the voters on November 5, 2019
- Remain in place for 7-years
 - Authorize budget override at the full percentage for the first 5 years
 - Begins School Year 2020-2021
 - Full override ends School Year 2024-2025
 - Unless renewed, each override will phase down during years 6 and 7 as follows:
 - Year 6 (2025-2026): decreased by 1/3
 - Year 7 (2026-2027): decreased by another 1/3
 - Year 8 (2027-2028): override ceases and budget returns to regular state budget

10% M&O Override Amount

- The 10% budget override amount is 10% of the amount of funding the State provides Amphitheater Public Schools each year.
- When the state education funding is higher, then the 10% budget increase is higher.
- When the M&O override was first approved in 2005, the override amount was approximately \$8.1 million. It fluctuates annually depending on the amount of funding the state provides for education that year and the District's student enrollment.
- This year, the M&O override provides \$8,683,233 in additional funding to Amphitheater Public Schools. This amount increased from last year largely due to increases in enrollment.

Other Important Benefits Provided through 10% M&O Override

- The 10% M&O override adds approximately 3.8% to base salaries for employees, which helps keep District salaries competitive to be able to hire quality educators.
 - *NOTE: This 3.8% to base salaries is different from the retention stipend approved for employees by the Governing Board for SY 21-22, SY 22-23, SY 23-24, utilizing ESSER funds. The retention stipend for 24-25 was approved by the Board from funding not related to ESSER funds.*
- The 10% M&O override adds technology and facilities positions to enable the District to remain current with technology changes and growing technology demands.
 - 2 Maintenance Tech II positions in the Facilities Department, and
 - 1 Programmer Analyst in the Technology Department.

3.5% Special Programs Override Amount

- Voters authorized the District to override its budget for Kindergarten through Third Grade by 3.5%
- Funds must be used in the K-3 program for the specific purpose approved by the voters :
 1. Free All Day Kindergarten
 2. Further reduction of class size in K-3 grades
- Amount provided by override depends on amount of funding the State provides Amphitheater Public Schools each year
- 3.5% K-3 Special Programs Override currently provides \$3,039,132 in additional funding for our K-3 program

How the 3.5% K-3 Special Programs Override Helps Elementary Schools

Free Full-day Kindergarten in All Elementary and K-8 Schools

- Title I funds were previously used to subsidize Kindergarten in Title I schools
 - Now, those funds are being used to help all students in the Title I schools
- Parents in schools that did not qualify to receive Title I funds used to have to subsidize a half-day of Kindergarten
 - Now, no parent pays for Kindergarten at any Amphitheater school

Additional Help for K-3 Students through the 3.5% Special Programs Override

Additional Class Size Reduction for K-3 Grades

- Since the election, Regulation IIB-R (Class Size) has been revised to further reduce class size maximums for K-3 classes while the override is in place to:

Kindergarten:	25 Students
First Grade:	25 Students
Second Grade:	26 Students
Third Grade:	27 Students
- This year, average K-3 class sizes meet the IIB-R maximums. However, IIB-R also puts steps in place for assistance to be provided to a teacher should class maximums need to be exceeded.

Concluding Remarks

- Both overrides provide substantial benefits for Amphitheater students and their educational programs
- These overrides provide critical programs that are necessary for student success at a national level in a rapidly changing world. Recognizing that the overrides will expire in 2024-2025, Amphitheater School District is seeking voter approval for a new override that combines the 10% M&O and 3.5% K-3 overrides and will ensure that our students continue to benefit from these incredible programs and staff.
- Amphitheater Public Schools is especially grateful to the voters of the school district who continue to support the students of the District with these overrides
